

We at Most Holy Trinity draw all life and love to God through Worship,
Prayer, Study and Good Works

Changing the world...

October 13, 2009

Dear Friends and Families of Most Holy Trinity School,

Well, the storm has hit. No matter how much we truly need rain, I must admit that I wish it would rain after school hours! We began our day with Tuesday mass and the announcement that a new "little spirit" had been born this morning! Mrs. Hernandez had her baby girl one week early and all is well. Congratulations to the Hernandez family from all of us at MHT!

Every morning we say our Mission Statement together. This past week we wanted to make sure that the students knew the meaning behind the words of our Mission Statement so, we asked them. I think we might need your assistance in helping all the students know what the words truly mean. The biggest problem in understanding came with the words, "Good Works." Many of the students thought that their good works referred only to their academics. When the teachers told me about this, I thought I'd better get the message out to you. Our students do "Good Works" on a regular basis and they need to know what a difference that makes in our community of Most Holy Trinity. Weekly, they bring cans for the Parish Pantry to help those who do not have enough food. During the month of September they brought school supplies for foster children and filled jars with coins to support St. Jude's Hospital and research for childhood cancers. Together they raised over \$1300.! They treat each other kindly and welcomed new students to our school. We have only been in school six weeks and I am so proud of these children, your children that surround me each day. Please help your children know what is meant by, "Good works" so that they can know how they are helping not only each other here at MHT but also children that need their help throughout the community.

Today and tomorrow we will be having many alumni and fellow students from the Catholic High Schools working at our school. Our Catholic schools all have service as one of the very important components of education. The high school students will be working with our students and giving them some one-on-one attention. Thank you to Bellarmine, Notre Dame and Mitty high schools for sending their students to serve at MHT.

This Thursday evening is our first Parent SPIRIT meeting at 7pm in the Trinity Center. Babysitting will be provided. Please come, meet parents and help to strengthen our community. We have asked Dennis Uniform to come on Thursday before the meeting in case any of you need uniforms. At this typing, we have not heard back from them.

Thank you to all the families and volunteers that worked so hard to make our Homecoming night under the lights such a fun event. I was talking with some friends about how MHT brings lights onto our field and let's the boys have the experience of playing at night and they were so very impressed. I simply said, "We do quite a few very unique things at Most Holy Trinity, you should come and check us out!" Anyway, with that bragging, I will stop. I hope to see many of you this Thursday evening and I hope that all of your conferences are informative. We want to work in partnership so please let your child's teacher know any concerns and raise any questions that you need answered.

DATES TO REMEMBER:

October 13th-16th: 12:30 CONFERENCE WEEK
