

We at Most Holy Trinity draw all life and love to God through Worship,
Prayer, Study and Good Works

Changing the world...

October 20, 2009

Dear Friends and Families,

On Monday, the NED Show came to Most Holy Trinity to not only entertain but bring a message to all of our students.

Never Give Up!
Encourage Others!
Do your best!

This is a good message for all of us, no matter what age, occupation, or stage of life. This message is also an important one that we focus on during Red Ribbon Week, these last two weeks of October. There are so many challenges for us in our world; greed, drugs, alcohol, violence, gangs, unemployment, and disease. During these next two weeks, we take time in the classrooms to address these issues, reminding our students that God is always with us and at the same time, we have been given a free will. There are choices to be made in our lives and it takes a strong faith and family to help us make the right ones. The community of Most Holy Trinity is here for education and support. Let's take care of each other in these difficult times.

At our Parent SPIRIT meeting last Thursday night, there was much discussion about the need to improve communication between school and home. We began immediately by sending a mass email to all families about the change of date for our Beautification Day, which needed to be changed in order to pick up all the bulbs we are going to plant. I am hoping that our mass email reached everyone. This week, a parent has volunteered to help Yesenia double-check our school data-base. As we have said before, it is imperative that we have your correct information so that we can reach you in an emergency. So, if you receive a phone call in the next few days asking about email or contact numbers, know that the school is working at improving communication. You will also be receiving a call or an email from your child's room parent so that we can make sure that every class has an accurate phone tree. I would like to say "thank you" to the parents who have stepped forward to help us and to remind you that I really do want to hear your concerns. Your children are the main reason I come to work each day so please let me know if you are worried about something happening here at MHT.

Conference Week has passed but please stay in touch with your child's teacher. Use their Teacher Web pages to get current information or call for a meeting if you need more time to talk or still have any concerns.

We are all concerned about the spread of the Swine flu and as I said in my October letter, the school will continue to follow all the guidelines set out by the CDC and the Diocese. To help us all stay more informed here are two very important websites:
The CDC website is: <http://www.cdc.gov/flu/protect/habits>
The Public Health Dept. website: www.sccphd.org (408-885-3980)

Welcome and thank you to our new eScrip Coordinator, Maria Angeles. You will find information in your Tuesday envelope from Maria. If you have any questions about eScrip, she is the person to contact.

DATES TO REMEMBER:

October 19th: NED is here "Never give up; Everyone wins; Do your best!" 1:30

October 21st: Mrs. Boettner back and Art continues

October 24th: 9-12 am Beautification morning "The Big Green Help"
